It's time for an adventure with Netflix.

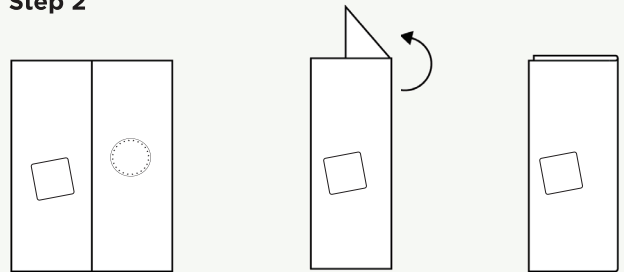

With Netflix, you can explore any place, culture or time period you've ever dreamt of. But before your journey begins, you'll need your passport to keep track of your stops along the way.

Assembling your passport.

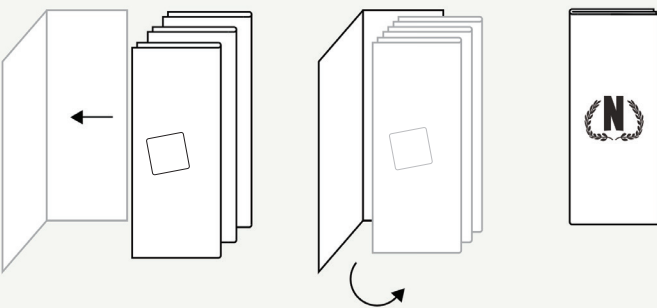

Step 1

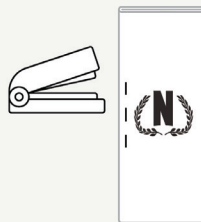

Step 2

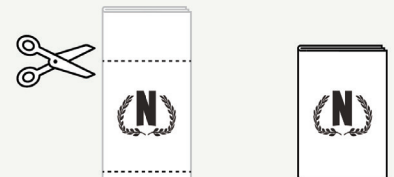

Step 3

Step 4

Step 5

Now let's put this thing to work.

NETFLIX

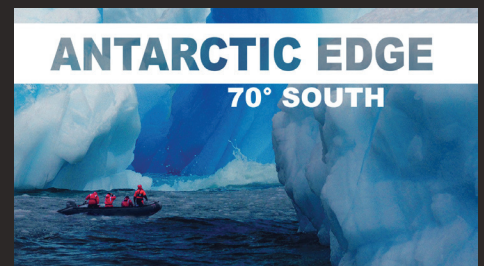

Grab your bags and camera - it's time for an adventure! Here's how it works: Every time Netflix transports you to a new culture or era, draw your own stamp (or use one of ours) to keep track of what you watched. And get creative! Maybe you get a T-Rex "stamp" for The Good Dinosaur, or a penguin for Happy Feet.

Below we've included a few suggestions for where to begin, but, in this case, the world is your oyster. Bon voyage!

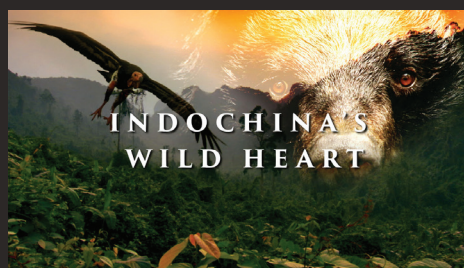

A Great Big World

Arctic Discovery

Exploring the Jungle

A Jurassic Quest
